

## ***Introducing Calandra's Fresh Pasta***

**"Pasta Fatta in Casa"  
(Pasta made in house)**

Chef Alvaro is now making our own homemade pasta. Our in-house, hand-made short cut fettuccine and other pastas contains imported, whole grain semolina flour and eggs for an old world taste. This delicious, all natural, whole grain pasta is fortified with protein and is a perfect fit for today's health conscious consumer.

Our homemade Pasta Fatta in Casa will be served at Calandra's Mediterranean Grill and Cucina Calandra. You may substitute our fresh pasta for any pasta on the regular menu or daily specials or enjoy it with a plum tomato and basil sauce or marinara sauce. It is also for retail sale at Calandra's Bakery Fairfield and Newark.

As always we welcome your comments and suggestions regarding our homemade pasta.
