Introducing Calandra's Fresh Homemade Pasta

“Pasta Fatta in Casa”
(Pasta made in house)

The Calandra Family proudly announces the debut of our Hand Made in House Fresh Pastas at Calandra's. This delicious, all natural, whole grain pasta is made with imported semolina flour and eggs for an authentic old world taste. All of the Pasta entrees served at Calandra's are prepared using our in house hand made pastas. In addition, most of our pasta cuts are available in a whole grain whole wheat variety and may be substituted in any of our pasta dishes. It is also for retail sale at Calandra's Bakery Fairfield and Newark. As we enter the homemade Pasta arena, the Calandra Family continues to provide you, our valued customers, with the highest quality product, superior workmanship and best value possible. Thank you for your continued patronage.

“Mangia bene! Buon appetito!”
