

Introducing Calandra's Fresh Pasta

**"Pasta Fatta in Casa"
(Pasta made in house)**

Chef Franco and Chef Alvaro have started making our own homemade pasta. Our in-house, hand-made short cut fettuccine contains imported, whole grain semolina flour and eggs for an old world taste. This delicious, all natural, whole grain pasta is fortified with protein and is a perfect fit for today's health conscious consumer.

Our homemade short cut fettuccine will be served only at Calandra's Mediterranean Grill. You may substitute our fresh pasta for any pasta on the regular menu or daily specials or enjoy it with a plum tomato and basil sauce or marinara sauce.

**As always we welcome your comments and suggestions regarding our homemade pasta.
