

VINO CALANDRA

Introducing our Newest Family Wines

Dorina & Santa Teresa

The Calandra Family is proud to introduce to its valued customers our latest family owned wines from the northern Italian region of Piemonte (Piedmont) with the newest Vino Calandra endeavors, **Dorina & Santa Teresa**. Each of these wines have been hand selected and produced solely by the Calandra family in order to continue creating family wines of high quality and value.

Dorina is a medium bodied red wine made up of 60% Dolcetto grapes and 40% Barbera grapes. This wine compliments beautifully any meat or pasta dish.

Santa Teresa is a medium bodied white wine made up 100% of Cortese grapes. This wine is a wonderful compliment to any dish, especially fish or poultry.

Over the past 40 years, the Calandra Family has dedicated itself to providing to their customers the best possible product at the most affordable price. It is for this reason that we have decided to venture into producing our own bottles of wine, first with the inception of our original Sicilian wines and now with *Dorina & Santa Teresa*. Since we are providing this wine ourselves and shipping it directly from Piemonte to America, we are eliminating the middleman. Therefore, we are thrilled to sell our family wine to you at a much-reduced introductory price for our patrons only. This wine will not be made available outside of our establishments.

Thank you for choosing Calandra's
Please let us know how you enjoyed our family wine by
